1. The following is an examiner's statement of reasons for allowance:

The statement of common ownership of the patents 6,111,634 and 6,160,621 at the time the invention was made, filed 27 June 2005, has overcome the rejection under 35 USC 103 over the Pecen et al, patent 6,111,634.

The terminal disclaimer filed on 27 June 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of patent 6,111,634 (Pecen et al ) has been reviewed and is accepted and has obviated the possibility of a rejection under double patenting of the obviousness type.

The supplemental reissue declaration filed 27 June 2005 contains the required statement of the error being relied upon.

For the reasons above, all of the grounds of rejection in the previous office action have been addressed and overcome, thus claims 3-11, 13-20, 23-31 are allowable.

2. The Lu et al reference (US 5,880,823) was cited during the examination of the patent for which this is a reissue.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
